PRODUCT CATALOGUE

INTRODUCTION

Laugo Arms stands at the crossroads of innovation, precision, and aesthetic excellence. Established in 2017, the brand embraces a forward-thinking design philosophy that combines cutting-edge engineering with luxury craftsmanship. All aspects of our firearms reflect our commitment to redefining the shooting experience by delivering superior performance.

Proudly hand-built in the Czech Republic.

COMPACT SIZE, MAX PERFORMANCE

The Alien Remus represents the peak of Laugo Arms' innovation – blending cutting-edge technology with luxury craftsmanship. This compact pistol is designed for shooters who demand ultimate performance previously unmatched in pistol design. Engineered specifically for self-defense and concealed carrying where performance truly matter.

THE ALIEN LEGACY CONTINUES

- **Lowest Bore Axis:**
Eliminates muzzle rise for ultimate recoil control.
- **Gas Piston Delayed Blowback:**
Smooth operation with reduced recoil impulse.
- **Fixed Barrel:**
Ensures precision and consistent shot placement.
- **Low Center of Gravity:**
Enhances stability and handling.
- **Creator "1911" Grip Angle:**
Intuitive target acquisition and shooter comfort.
- **Interchangeable Non-Reciprocating Top Rail:**
Maintains sight stability and allows faster alignment.
- **Reciprocating Slide Sides Only:**
Enables the fastest cycling for rapid follow-up shots.
- **Robust Steel Construction:**
Built for durability, reliability, and absolute safety.

ALIEN

REMUS

ALIEN REMUS SYSTEM FEATURES:

PUSH TO RACK

P.T.R. function allows for a non-reciprocating optic rail during firing with the ability to rack the pistol via the optic.

SAFETY ENHANCED

Engineered to be incredibly drop-safe. Manual safety further increases security.

15 RND MAG

New 15 round magazine offers a compact profile for more discrete and comfortable carrying.

MODULAR GRIP

With a single screw, the Remus's grip can be reconfigured with any Creator series panels, backstrap, and magwell.

PERFORMANCE THAT

SPEED SAVES

With a bore axis just 1.7mm below the shooter's grip axis, the Remus ensures exceptional control in high-pressure situations. Its innovative design eliminates muzzle flip, allowing for faster follow-up shots and rapid target re-acquisition—critical when every second counts. Whether in training or self-defense scenarios, the Remus sets a new standard in speed, precision, and confidence under stress.

FIRST HIT IS JUST THE BEGINNING

The Remus' fixed barrel is a game-changer for self-defense, setting it apart from traditional pistols. This design ensures unmatched precision and shot-to-shot consistency—when lives are on the line. The Remus allows you to place shots exactly where they matter with absolute confidence. Use the unfair advantage to own the situation!

REALLY MATTERS

BE PREPARED TO PERFORM!

Your Remus is built to protect and engineered for ultimate reliability in any situation. Its stationary top rail remains completely unmoved during the firing cycle, ensuring an uninterrupted sight picture so you can stay locked on target without losing alignment between shots.

Introducing the New P.T.R. (Push to Rack) system, allowing you to rack the slide via the optic, enhancing slide operation under any circumstances.

The result? Absolute domination.

ADAPT TO ANY SITUATION.

The platform allows seamless customization to fit your exact needs—no compromises allowed. Effortlessly swap grips, backstraps, and mag wells with the Creator Grip Module and Adapt your optics with ease using the three included optic plates.

The Alien Remus evolves with you—because every shot matters.

CONTROL THE SITUATION

The innovative gas-delayed blowback system gives you the ultimate advantage by minimizing recoil for faster, more controlled follow-up shots. Unlike traditional designs, the Remus doesn't rely on a locking slide—instead, it harnesses expanding gases to slow the slide's movement. Whether in high-pressure situations or rapid engagements, the Remus keeps you in control, shot after shot. The recoil management is further enhanced by the new low-profile thumb rest.

STAY SAFE, KEEP SAFE

The perfect companion. The Alien Remus takes firearm security to the next level with a new manual safety, adding an extra layer of confidence to an already extremely safe platform. Designed with incredible drop safety, it ensures unmatched reliability when it matters most—so you can carry, train, and protect with absolute peace of mind.

ALIEN REMUS

FIRST EDITION

Meet the Alien Remus – An entirely new species of compact pistol designed for defensive carry and delivering uncompromising performance.

THIS KIT INCLUDES

- Remus Pistol in Premium Hard Case
- 2 Magazines: 15rnd & 17rnd
- Optic Plates: RMRcc, RMS, ACRO
- Iron Sights Top Rail
- P.T.R. Optic Top Rail
- Premium Carbon Fiber grips
- G-10 Dragon grips size M
- Magwells size S & M
- Backstraps size M & L
- G-Code Phenom Commando holster
- Piston Chamber Scraper Tool
- Carbon Remover & CLP
- Dry-Fire Training Snap Cap
- Torx key
- 2x Allen Key

TECHNICAL DATA

LENGTH	184mm / 7.2"
BARREL LENGTH	100mm / 3.9"
WEIGHT	825g / 1.81lbs.
WIDTH	29mm / 1.1"
TRIGGER PULL	15N / 3.3lbs.
HEIGHT	148 mm / 5.8"
STANDARD MAGAZINE CAPACITY	15, 17, or 22 rounds
BORE AXIS	1.7mm below grip axis
RECOIL ANGLE	7 degrees
SIGHT RADIUS	152mm / 5.9"

ALIEN

CREATOR EVOLUTION

Perfection Elevated. The Laugo Arms Alien Creator is the culmination of five years of feedback from customers and the world's top competition shooters. By integrating highly requested features into the groundbreaking Alien operating system, the Creator pushes the boundaries of what a world-class performance pistol can achieve.

- **Lowest Bore Axis:** Deletes muzzle rise for exceptional recoil control.
- **Fixed Barrel:** Ensures consistent shot placement and unmatched precision.
- **Low Center of Gravity:** Enhances stability and handling.
- **Updated "1911" Grip Angle:** Optimized for improved target acquisition and shooter comfort. Controls are designed for intuitive and efficient operation.
- **Interchangeable Non-Reciprocating Top Rail:** Bringing sight stability during firing allows easy customization with optics or sights.
- **Reciprocating Slide Sides Only:** The world's fastest cycling system ensures faster sight alignment and reduces recoil.
- **High Modularity:** Easily customizable to suit individual preferences and competition needs.
- **Gas Piston Delayed Blowback:** Provides smooth operation and reduces recoil impulse.
- **Robust Construction:** Built for durability, reliability, and absolute safety in any condition.
- **Enhanced Magazine Basepad:** Streamlined for faster, more ergonomic reloads.
- **Deeper Slide Serrations:** Secure a firm grip in any condition.

EMERGE FROM

THE SHADOWS

FEATURES THAT WILL CHANGE YOUR PERCEPTION OF PISTOLS

SPEED

Shoot faster.

With a bore axis just 1.7mm below the shooter's grip axis, the Alien pistol delivers unparalleled stability. Its innovative design eliminates muzzle flip, allowing for exceptionally fast target re-acquisition and faster follow-up shots. Whether in competition or training, the Alien redefines shooting speed.

ACCURACY

Increase the hit factor.

The Alien's fixed barrel is a key feature that sets it apart from traditional pistols. Unlike other designs, the Alien's stationary barrel ensures exceptional stability and consistency with each shot. This innovation allows for a level of precision comparable to PCC's allow you to shoot bullseyes with ease. With the Alien, you can rely on consistent shot placement - even during rapid fire - giving you a significant advantage.

CONTROL

Conquer recoil.

The Alien's innovative gas-delayed blowback system makes rapid fire and double-taps effortless. Unlike traditional designs, the Alien does not rely on a locking slide. Instead, it uses the energy of expanding gases to slow the slide's movement, delivering maximum recoil control.

QUICKER TARGET ACQUISITION

Get back on target quicker.

The top rail and sights remain stationary during the firing cycle. This innovative design ensures an uninterrupted sight picture, allowing the shooter to focus on the target without losing sight alignment between shots. The result is faster, more accurate follow-up shots and improved live time of your sights.

MODULARITY

Adapt to any situation.

With just one take-down pin, the Alien's top rail can be converted between iron sights or a red dot optic, allowing for multiple styles of shooting across various competitive divisions. Hyper-precise machining allows the top rails to be interchanged without losing zero.

OPTIC LONGEVITY

Protect your investment.

The Alien's stationary top rail and optic mount are designed to protect red dot optics from the harsh forces experienced on a traditional reciprocating slide. By eliminating unnecessary movement, the Alien significantly reduces stress on the optic, allowing it to perform reliably for longer periods.

ALIEN

CREATOR EVOLUTION

FULL KIT

The Creator Full Kit is the gateway to the full Alien experience, representing the pinnacle of speed, accuracy, and control. Engineered for elite performance, it features a DLC (Diamond-Like Carbon) coated slide and frame, paired with a CNC-machined aluminum grip module finished with a special anodized treatment. The precision-tuned 3.5 lb trigger pull ensures a crisp and responsive shooting experience.

THIS KIT INCLUDES

- Laugo Arms Alien pistol
- FINISH: Gray / Black
- Three (3) 17 Round Magazines (10rnd Limited Capacity Magazines also available)
- Standard Fiber Optic Iron Sight Top Rail
- Optic Top Rail with Laugo Red Dot Sight
- Elornis Holster and Adjustable Mounting System
- Cleaning Supplies
- Tool kit
- Dry-Fire Training Chamber Insert
- Custom Hard Case - Large

ON THE GUN

- Grips G10 size M
- Backstrap size L
- Magwell type M

MUZZLE OPTIONS:

Target Crown or Threaded (Recessed 1/2x28")

ALIEN

CREATOR EVOLUTION

PRO KIT

The Alien Creator Evolution Pro Kit includes all the components and accessories that make up the full Alien experience. Finished with a DLC (diamond-like carbon) coating on the slide and frame and a special anodized finish on the CNC aluminum grip module. Trigger pull weight is set at approximately 15N / 3.3 lbs.

THIS KIT INCLUDES

- Laugo Arms Alien pistol with iron sights top rail
- FINISH: Gray / Black
- Three 17 Round Magazines (10rnd Limited Capacity Magazines also available)
- Optic Top Rail with Laugo Red Dot Sight (6 MOA)
- Tool kit (Piston Chamber Scraper / Allen Keys)
- Carbon Remover
- Dry-Fire Training Chamber Insert
- Custom Hard Case

ON THE GUN

- Grips G10 size M
- Backstrap size L
- Magwell type M

MUZZLE OPTIONS:

Target Crown or Threaded (Recessed 1/2x28")

ALIEN

CREATOR EVOLUTION

STANDARD KIT

The Alien Creator Evolution Standard Kit includes the pistol pre-configured with an iron sight top rail and everything required to get started. Finished with a DLC (diamond-like carbon) coating on the slide and frame and a special anodized finish on the CNC aluminum grip module. Trigger pull weight is set at 15N / 3.3 lbs.

THIS KIT INCLUDES

- Laugo Arms Alien pistol
- FINISH: Gray / Black
- Two 17 Round Magazines (10rnd Limited Capacity Magazines also available)
- Standard Fiber Optic Iron Sight Top Rail
- Tool kit (Piston Chamber Scraper / Allen Keys)
- Dry-Fire Training Chamber Insert
- Elornis Industry Custom Soft Case

ON THE GUN

- Grips G10 size M
- Backstrap size L
- Magwell type IPSC

MUZZLE OPTIONS:

Target Crown or Threaded (Recessed 1/2x28")

ALIEN

CREATOR EVOLUTION

OPTIC KIT

The Alien Creator Evolution OPTIC Kit includes the pistol pre-configured with an optic top rail (red dot included) and everything required to get started. Finished with a DLC (diamond-like carbon) coating on the slide and frame and a special anodized finish on the CNC aluminum grip module. Trigger pull weight is set at 15N / 3.3 lbs.

THIS KIT INCLUDES

- Laugo Arms Alien pistol
- FINISH: Gray / Black
- Two 17 Round Magazines (10rnd Limited Capacity Magazines also available)
- Optic Top Rail with Laugo Red Dot Sight (6 MOA)
- Medium Aluminum Magwell
- Tool kit (Piston Chamber Scraper / Allen Keys)
- Dry-Fire Training Chamber Insert
- Elornis Industry Custom Soft Case

ON THE GUN

- Grips G10 size M
- Backstrap size L
- Magwell type M

MUZZLE OPTIONS:

Target Crown or Threaded (Recessed 1/2x28")

ALIEN

CREATOR EVOLUTION

RETRO KIT

The Alien Creator Evolution RETRO was purpose-built to comply with division rules for IPSC Production Optics and many other competition rulesets which require the optic to reciprocate with the slide. This RETRO model is also popular with tactical shooters who value the ability to rack the slide using the optic. Finished with a DLC (diamond-like carbon) coating on the slide and frame and a special anodized finish on the CNC aluminum grip module. Trigger pull weight is set at approximately 15N / 3.3 lbs.

THIS KIT INCLUDES

- Laugo Arms Alien pistol
- FINISH: Gray / Black
- Two 17 Round Magazines (10rnd Limited Capacity Magazines also available)
- Creator RETRO Reciprocating Optic Top Rail & Slide Assembly
- Tool kit (Piston Chamber Scraper / Allen Keys)
- Dry-Fire Training Chamber Insert
- Elornis Industry Custom Soft Case

ON THE GUN

- Grips G10 size M
- Backstrap size L
- Magwell type IPSC

COMPATIBLE RED DOT SIGHTS

- C-MORE RTS2/RTS3
- LEUPOLD DELTA POINT
- VORTEX DEFENDER-ST
- VORTEX DEFENDER-XL
- SHIELD RMS/RMSx etc.
- TRIJICON RMR/SRO
- HOLOSUN HS507 COMP etc.

MUZZLE OPTIONS:

Target Crown or Threaded (Recessed 1/2x28")

ALIEN

CREATOR EVOLUTION

LIMITED OPTICS KIT

The Alien Creator Evolution LO represents the apex of speed, accuracy, capacity, and control. Designed specifically to conquer the competition in Limited Optics matches, the LO kit features a special slide and top rail with a fully-adjustable thumb rest, a competition magwell size XL, and new extended 22-round magazine which can be easily disassembled for cleaning and service. Finished with a DLC (diamond-like carbon) coating on the slide and frame and a special anodized finish on the CNC aluminum grip module. Trigger pull weight is set at approximately 15N / 3.3 lbs.

THIS KIT INCLUDES

- Laugo Arms Alien Creator Evolution 9mm Pistol
- FINISH: Gray/Black
- RETRO Slide & Reciprocating Universal Optic Mount
- Cleaning Supplies
- Tool Kit (Piston Chamber Scraper / Allen Keys)
- Dry-Fire Training Chamber Insert
- Medium Custom Hard Case

ON THE GUN

- Grips G10 size M
- Backstrap size L
- Magwell type XL

COMPATIBLE RED DOT SIGHTS

- C-MORE RTS2/RTS3
- LEUPOLD DELTA POINT
- VORTEX DEFENDER-ST
- VORTEX DEFENDER-XL
- SHIELD RMS/RMSx etc.
- TRIJICON RMR/SRO
- HOLOSUN HS507 COMP etc.

RETRO UPGRADE KIT

The RETRO Upgrade Kit allows any Alien and Alien Creator pistol to be converted into a RETRO model with a reciprocating optic mount. This conversion makes the pistol legal for many different competition divisions and also allows the slide to be racked using the optic.

THIS KIT INCLUDES

- RETRO top rail without sights
- RETRO slide
- Mount for red dot sight
- Pins for red dot sights

COMPATIBLE RED DOT SIGHTS

- C-MORE RTS2/RTS3
- LEUPOLD DELTA POINT
- VORTEX DEFENDER-ST
- VORTEX DEFENDER-XL
- SHIELD RMS/RMSx etc.
- TRIJICON RMR/SRO
- HOLOSUN HS507 COMP etc.

MAIN FEATURES

ALIEN CREATOR PISTOL IS DEFINED BY OUR TECHNICAL STANDARDS

Fixed barrel

1911 Style grip angle

Minimized muzzle climb

Low center of gravity

Fixed upper rail with optics

Fixed upper rail with iron sights

Striker status indicator

Maximized drop safety.

Pistol grip easy to modify with just one take down screw

Magwell IPSC, M, L & XL

Back strap size M - L

Grips sizes S, M & L
Material options Aluminium, G10 & silica carbide

ALIEN

THE FIRST OF ITS KIND

ALIEN

THE FIRST OF ITS KIND

The Laugo Arms Alien is a revolutionary semiautomatic pistol with several unique, patented technical solutions.

The Alien's operating system does not use obsolete locking mechanisms or a traditional trigger mechanism.

This new approach is driven by the vision of technological progress, cutting edge performance, and precision, which we want to bring to shooters around the world.

ALIEN SYSTEM FEATURES:

- Lowest Bore Axis
- Fixed Barrel
- Low Center of Gravity
- Non-compromising ergonomics & intuitive controls
- Interchangeable Non-Reciprocating Top Rail
- Reciprocating Slide Only
- Easy Customization
- Gas Piston Delayed Blowback
- Robust Construction
- Maximum operation & drop safety

TOP IS THE NEW

STANDARD

FEATURES THAT WILL CHANGE YOUR PERCEPTION OF PISTOLS

SPEED

Every shooter shoots faster with an ALIEN

This is achieved by the world's lowest bore axis, positioned just 1.7 mm below the shooter's grip axis. This innovative design dramatically reduces muzzle flip, resulting in a recoil angle of just 4°. The result is an immediate advantage with faster target reacquisition and quicker, more natural double-taps.

ACCURACY

Achieve accuracy like never before.

Unparalleled accuracy is achieved through the premium, fixed bull barrel, unlike traditional barrels that tilt or move upon discharge. Paired with advanced manufacturing techniques, the stationary barrel ensures absolute consistency and precision with every shot.

CONTROL

Master recoil management.

Experience unmatched recoil control, especially during rapid fire or double taps, thanks to the Laugo Arms gas-delayed blowback system. Unlike traditional locking slides, the Alien uses a system that bleeds gas pressure from the barrel to keep the slide closed until the bullet exits the bore. This innovative design ensures that the stronger the load, the more the recoil impulse is mitigated, delivering maximum control even with varying types of ammunition.

NON-RECIPROCATING OPTIC & RED DOT ENDURANCE

Stay on target with uninterrupted target acquisition.

Our innovative fixed-sight top rail does not reciprocate during the firing cycle. Thanks to this feature, you can easily control the sight picture even when rapid firing. Red dot optics will last much longer as this system reduces additional stress. The red dot on an Alien pistol will have a similar lifetime as on a standard SMG or rifle.

MODULARITY

Simple to adapt for any purpose.

With just one click, the Alien pistol can be transformed by swapping out the top rail. Options include rails for iron sights, various red dot sights, or even a MIL-STD-1913 rail. Additionally, the Alien can be outfitted with a Retro slide for production optics division IPSC events, a mag well, and numerous other optional upgrades, tailoring it to meet the demands of any shooter.

ALIEN

FULL KIT

Discover the full Alien experience with a pistol designed for unmatched ergonomics, precision, and performance. Equipped with an interchangeable top rail system, it allows seamless integration of optics or iron sights, adapting to your shooting preferences. The robust aluminum backstrap and G10 grips provide exceptional control and comfort, while the DLC-coated slide and frame ensure long-lasting durability and wear resistance.

At its core, the 4.8" stainless steel semi-bull fixed barrel delivers unrivaled accuracy, enhanced by an innovative gas-delayed piston system with a titanium nitride finish for smooth, reliable operation. The precisely tuned 15N (3.3 lbs) trigger pull offers a crisp, responsive break.

THIS KIT INCLUDES

- Laugo Arms Alien Pistol
- Fiber Optic Iron Sight Top Rail
- Optic Top Rail with Laugo Red Dot Optic
- Three 17-round Magazines
- Magazine Well
- Elornis Industries Holster & Mount
- Cleaning Supplies (CLP, Carbon Remover)
- Tool Kit
- Dry-Fire Training Chamber Insert
- Large Custom Hard Case

MUZZLE OPTIONS:

Target Crown or Threaded (Recessed 1/2x28")

ALIEN

ALIEN

PATENT PENDING

ALIEN

ROSE GOLD - FULL KIT

The ROSE GOLD color edition updates the Alien with a new grey finish with modified DLC technology on the frame and slide. Due to the rose gold titanium nitride coating with an enhanced hardness rating, the lifespan and ease of maintenance of the barrel is increased. Additionally, the titanium nitride coating will also increase the durability of the magazine catch, slide release, trigger, trigger guard, and disassembly pin. Trigger pull weight is set at approximately 15N / 3.3 lbs.

THIS KIT INCLUDES

- Laugo Arms Alien Pistol
- Fiber Optic Iron Sight Top Rail
- Optic Top Rail with Laugo Red Dot Optic
- Three 17-round Magazines
- Magazine Well
- Elornis Industries Holster & Mount
- Cleaning Supplies (CLP, Carbon Remover)
- Tool Kit
- Dry-Fire Training Chamber Insert
- Large Custom Hard Case

MUZZLE OPTIONS:
Target Crown or Threaded
(Recessed 1/2x28")

ALIEN

BLACK GOLD - FULL KIT

The Black Gold Colour Edition of the Alien pistol brings a striking new look and enhanced performance. The frame and slide are now coated with a modified DLC technology, delivering a super-black finish.

The barrel bundle benefits from a titanium nitride coating, which significantly increases hardness, extending the barrel's lifespan and making maintenance easier. This advanced coating also enhances the longevity of key components, including the magazine catch, slide release, trigger, trigger guard, and disassembly pin, ensuring reliable performance under extended use.

To optimize balance and handling, brass material is used for the grip and magwell, shifting the weapon's center of gravity for improved control and precision. The Alien Black Gold is the perfect fusion of style, durability, and superior performance.

THIS KIT INCLUDES

- Laugo Arms Alien Pistol
- Fiber Optic Iron Sight Top Rail
- Optic Top Rail with Laugo Red Dot Optic
- Three 17-round Magazines
- Magazine Well
- Elornis Industries Holster & Mount
- Cleaning Supplies (CLP, Carbon Remover)
- Tool Kit
- Dry-Fire Training Chamber Insert
- Large Custom Hard Case

ALIEN

STANDARD KIT

The Alien pistol, featuring an interchangeable top rail with iron sights, is officially approved for the IPSC production division. Its ergonomic design includes a robust aluminum backstrap and G10 grips, ensuring superior handling and comfort for competitive shooters.

The slide and frame are coated with DLC (Diamond-Like Carbon), offering exceptional durability and a sleek finish. At its core, the Alien boasts a 4.8" stainless steel semi-bull barrel that is fixed in the frame, eliminating movement during firing and maximizing accuracy.

The innovative gas-delayed piston system, with a titanium nitride finish, ensures smooth operation and reduces recoil. The trigger is finely tuned with a pull weight of approximately 15N (3.3 lbs), delivering a crisp and responsive experience.

THIS KIT INCLUDES

- Laugo Arms Alien Pistol
- Fiber Optic Iron Sight Top Rail
- Two 17-round Magazines
- Tool Kit
- Dry-Fire Training Chamber Insert
- Elornis Industry Custom Soft Case

MUZZLE OPTIONS:

Target Crown or Threaded (Recessed 1/2x28")

ALIEN

OPTIC KIT

The Alien pistol, features an interchangeable optic top rail with an ALIEN Red Dot 6 MOA. Its ergonomic design includes a robust aluminum backstrap and G10 grips, ensuring superior handling and comfort for competitive shooters.

The slide and frame are coated with DLC (Diamond-Like Carbon), offering exceptional durability and a sleek finish. At its core, the Alien boasts a 4.8" stainless steel semi-bull barrel that is fixed in the frame, eliminating movement during firing and maximizing accuracy.

The innovative gas-delayed piston system, with a titanium nitride finish, ensures smooth operation and reduces recoil. The trigger is finely tuned with a pull weight of approximately 15N (3.3 lbs), delivering a crisp and responsive experience.

ALIEN

RETRO KIT

The Alien RETRO is designed to meet the requirements of IPSC's Production Optics Division, where rules mandate that the red dot must reciprocate with the slide. This adaptation ensures compliance while maintaining the exceptional performance the Alien pistol is known for.

The pistol grip features an ergonomic aluminum backstrap and G10 grips, providing superior comfort and control. The slide and frame are finished with a durable DLC (Diamond-Like Carbon) coating, combining style with long-lasting protection.

At its core, the Alien RETRO boasts a 4.8" stainless steel semi-bull barrel, fixed in the frame for maximum accuracy. The slide is braked by a gas-delayed piston system, enhanced with a titanium nitride finish for smooth, reliable operation. The trigger pull weight is finely tuned to approximately 15N (3.3 lbs), offering a crisp, responsive feel for competitive shooting.

THIS KIT INCLUDES

- Laugo Arms Alien Pistol with RETRO multi-mount
- Two 17-round Magazines
- Tool Kit
- Dry-Fire Training Chamber Insert
- Elornis Industry Custom Soft Case

COMPATIBLE RED DOT SIGHTS

- C-MORE RTS2/RTS3

RETRO UPGRADE KIT

The Alien RETRO UPGRADE KIT allows you to upgrade your Alien PERFORMANCE or FULL KIT into a compliant Alien RETRO pistol, designed specifically for IPSC Production Optics Division.

This kit includes a specially modified slide equipped to hold a mount compatible with a wide variety of red dot sights. With this upgrade, your Alien pistol will meet division requirements while maintaining the performance and precision that defines the Alien series.

THIS KIT INCLUDES

- RETRO top rail without sights
- RETRO slide
- Mount for red dot sight
- Pins for red dot sights

COMPATIBLE RED DOT SIGHTS

- C-MORE RTS2/RTS3
- LEUPOLD DELTA POINT
- VORTEX DEFENDER-ST
- VORTEX DEFENDER-XL
- SHIELD RMS/RMSx etc.
- TRIJICON RMR/SRO
- HOLOSUN HS507 COMP etc.

ALIEN TARGET

The ALIEN TARGET is purpose-built for elite bullseye shooting disciplines. It features a 6" Stainless Steel Semi-Bull Barrel and target sights, topped with a crisp 10N precision trigger for uncompromising accuracy. The aluminum backstrap and mag well ensure superior handling and fast reloads, while G10 grips provide a firm, ergonomic hold. Crafted from barrel-grade steel, it features a Titanium Nitride treated piston and spring rod. The TARGET comes finished with a Diamond-Like Carbon (DLC) surface treatment.

NEW VERSION SOON

THIS KIT INCLUDES

- Laugo Arms ALIEN Pistol
- Special "Target" Top Rail
- Two 10 or 17-round Magazines
- Tool Kit (Piston Chamber Scraper / Allen Keys)
- Dry-Fire Training Chamber Insert
- Small Custom Hard Case
